**Rescission Of Technical Guidance #TG99-005
April 21, 2004**

Background: Technical Guidance #TG99-005 was created in October 1999 by the Rules Clarification Committee to clarify that Rule 331 is not intended to regulate handheld solvent containers as cleaning machines.

Conclusion: Rule 331 was revised on April 21, 2004. Revisions included adding Section 308.6. New Section 308.6 reads: "Aerosol cans, squirt bottles, and other solvent containers intended for handheld use shall meet the requirements in Sections 301 and 500 of this rule". With this revision, Technical Guidance #TG99-005 is hereby rescinded.
